Receivables may refer to a company's claims to the future collection of cash, other assets, or services. These are frequently classified as: Accounts receivable, receivables resulting from the sale of goods or services on account.

### Receivables - Wikipedia

Earnings quality, in accounting, refers to the ability of reported earnings (income) to predict a company's future earnings. It is an assessment criterion for how "repeatable, controllable and bankable" a firm's earnings are, amongst other factors, and has variously been defined as the degree to which earnings reflect underlying economic ...
